Rosehill

Postura+ Classroom Range

Stackable

UK Made

Includes 6 chair sizes + linking, seat pad, task base and stools options

Options include adding an upholstered seat pad or links

Smooth waterfall seat edge behind knees promotes good posture

Anti-rocking legs

The Postura+ range is designed to promote good posture and provide exceptional comfort. The chairs are available in sizes for all age groups from nursery up to adult use. It is one of the most durable ergonomic chairs available and has been manufactured to comply with BS EN1729 parts 1 & 2 for dimensions, strength and stability. They are moulded from impact resistant polypropylene with gas injected legs to reduce weight and increase strength. The recycled polypropylene is flame retardant to Crib 5, anti-static and stain resistant. Available in 16 colours and they stack 12 high safely.

Hille SE Range

Stackable

UK Made

Includes 6 chair sizes + linking, seat pad, task base and stools options

The SE Classroom Range is designed to be the optimal chair for the modern educational environment. They offer perfect postural support for children's backs. This helps increase the concentration levels of pupils along with improving their long term health. The chairs are incredibly strong and built to last. Made in the UK.

SE chairs and stools

The SE chairs come in 6 heights, to suit age groups from 3 to 18 years old. Stackable and easy to move, in a range of bright colours. The adult size chairs have the option of a skid base or a swivel base too. The matching SE stools have a strong steel frame and parallel bars at the bottom that give extra stability. As well as the full high back stool, we offer a backless version which can be in a polypropylene or plywood finish.

Grafton Chair

Stackable

UK Made

Flexible use chair, chair on castors and task chair

The Grafton Stacking chair is an elegant, durable and versatile model for education, community and breakout spaces. The standard lightweight four leg model stacks 8 high, or 6 if you opt with a seat pad. The steel frames have a black or silver-grey finish. You can upgrade this model with castors on each leg, or there is a full task base version. These support agile learning and flexible room setups. With three versions you can maintain a consistent design aesthetic across campus. Options on request include adding a 360° swivelling tablet arm. This product is certified to Indoor Advantage Gold – Furniture, making it suitable for many building rating systems, including LEED v4, BREEAM, & WELL Building.

- 100% recycled polypropylene available in 8 colours
- Perforated backrest for added flexibility & ventilation
- Waterfall edge on the seat for comfort
- EN16139:2013, Test Level 1 – Furniture Strength, durability and safety

	Seat Width	Depth	Height	Seat Height	Weight	Weight Limit
4-Leg Chair	490mm	540mm	850mm	460mm	4.7kg	110kg
Task Chair	650mm	650mm	800-920mm	420-540	8.2kg	110kg

Ricochet Stool

Stackable

UK Made

The Ricochet Wobble Stool supports student movement, which is essential for cognitive development. It features a rounded base for an active sit and the freedom to fidget, which can help keep bodies and minds engaged. With its small scale and light weight, the stools are easy for students and teachers to carry and reposition as needed. When flipped upside down they will stack up to 3-high. The all-poly construction and a nonslip base design ensure durability for years to come. The base is weighted with steel for added stability, with the convex shape offering 12° of rebounding motion. The slightly concave seat pad with textured surface provides added comfort, and the stools are weight tested to an impressive 181kg.

- Easy to move with integrated handle under seat lip
- Thermoplastic rubber base is non-slip and suitable for carpet and hard floors
- Exceeds BIFMA X5.1-2017 seating durability test and drop test
- Certified Indoor Advantage™ Gold – Furniture*

*making it suitable for many building rating systems, including LEED v4, BREEAM, & WELL Building.

*Price shown includes quantity discount and is subject to VAT.

* 5 year guarantee on task base/gas column

Myke Chair

Stackable

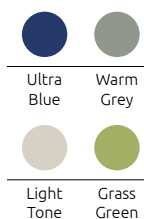

UK Made

Higher education chair with arm and tablet options

The Myke Stacking chair range is a fantastic option for active learning spaces. Onto the four leg chair you can add arms and/or a tablet, with all three versions able to stack 10 high on the floor, or an impressive 15 high on a trolley. They have a modern design, with an elastic shock absorbing back support for a comfort level you wouldn't expect in a student chair. The tablets allow different uses of your space, with classic rows or more informal circles. The chair feet have soft rubber glides and linking is available on request.

- Practical and lightweight chair

Academy Seating

Includes Maestro and Strive collections **KI**

The Maestro & Strive Stacking chairs are two modern designs, which each feature comfortable sculpted backs and contoured seats. The poly backs flex which allows movement and improves comfort when sitting down for a long period of time. Available in 24 different shell colours, with an optional fire retardant seat pad if required. The steel rod frame is reinforced with a 7 gauge strap for added strength and the chairs meets BIFMA industry standards. Perfect for academy's and higher education settings with tablets available. Each chair has a high density stacking frame, which allows the Maestro's to stack up to 38 high on a trolley, or the Strive's up to 30.

- Solid steel rod frame in chrome finish
- Options include linking glides or adding an upholstered seat pad
- Ergonomically shaped for maximum comfort and support
- High density stacking models with a Transport Trolley available

Spiral Stacking Classroom Tables

The heavy duty Chunky School Tables are a premium option for your classroom or learning space. The cylinder legs are incredibly robust and sturdy, while also being more stylish than the standard classroom tables. The fully welded frames are 32mm diameter as standard, with the option to upgrade to 50mm legs if preferred. The tables tops are 18mm thick, again with an upgrade option – this time to 25mm. You have a wide range of laminate colours to choose from, as well as customisable frame finishes to fit in with your existing decor. All of the tables are available in 6 heights to suit all age groups from nursery and junior through to high school and adult use. Available in square, rectangular, trapezoidal, triangular, circular or curve shapes. Made in the UK with 10 year guarantee.

*Price shown includes quantity discount and is subject to VAT.

Exam Desks

Stackable

The Rosehill Folding Exam Desk are easy to move and neatly store flat when not in use. They have secure fitting brackets to maintain the strength of the desk. The top is 16mm thick MDF in either a grey or beech finish and include a pencil groove. The sturdy steel frame comes in a black finish. Depending on how many you want to move at once you can store 25 or 40 on a trolley.

- Beech or grey solid MDF top
- Heavy duty tubular steel frame
- Folds flat to easily store and move
- Plastic feet to protect your floor

Spaceright Mobile Dining Tables

Rosehill are proud to offer Spaceright Mobile Dining Tables which make it quick and effortless to convert multi-use halls into dining areas without the need for heavy lifting. A perfect solution for busy schools and canteens. With a simple to use folding frame in a grey finish, these tables are easy to store and move. The tables knit into each when stored which saves so much space, allowing more tables to be stored. They fit through a standard height doorway (1980mm) and have a safety lock when in the open position. The heavy duty castors are lockable too. The laminated table tops have a tough edging and an MDF core which is water resistant and easy to clean. You can choose from fourteen top colours, with 11 options for the stool seats. Available in two heights for either primary or secondary school use. The sturdy and flexible design is functional, practical and easy to use.

- Easy to fold, store and clean
- Choice of primary and secondary school heights in a great range of colours
- Easy-clean intermediate lock for improved hygiene
- 16 year warranty on welds and mechanism

Folding Chairs

Flexible use folding chair options

2000 Series

The 2000 Series Folding Chair is a lightweight and versatile folding chair with highly efficient storage capabilities. The double riveted rear cross brace increases the strength of the frame preventing the chair from sinking into soft ground when used outdoors. The contoured back featured on the 2000 Series brings an aesthetic appeal and increased comfort while the hand holes make for easy handling. There are also four colours to choose from. Proving their strength the 2000 Series Folding chair conforms to BS EN 15373 2007 (Test Level 3) Severe Contract Use and has a weight capacity 115 kg.

- Contoured fan-back for comfort and support
- Very lightweight with hand hole for easy handling
- Ultra effective folding and stacking capabilities
- Sold in multiples of 8 and in our Package Deals

A selection of Hanging Trolleys, Chair Trucks and Transport Dollies are available to move and store your chairs

2600S Series

This 2600S Series Folding Chair is a strong and versatile model ideal for multi-use halls. The chairs can be easily folded, then when required you can move and store them on one of the available trolleys. The chair features a contoured fan back for support and comfort and has an upholstered seat in a Crib 5 FR fabric. The all steel frame, which features a cross brace for extra strength, comes in a medium grey finish.

- Padded seat pad for extra comfort
- Contoured fan back for support with hand hole for easy handling
- Durable and robust steel frame
- Sold in multiples of 4

	Width	Depth	Height	Seat Height	Weight
2000	451mm	518mm	877mm	450mm	3kg
2600s	465mm	572mm	865mm	455mm	5kg
2900	490mm	530mm	820mm	500mm	5kg

2900 Series

The 2900 Series Folding Chair with its high shaped back and deep padded seat is one of our most comfortable folding chairs. The sturdy steel frame includes integral linking as standard to securely lock the chairs together in rows. The contoured back and comfort seat are stocked in blue, burgundy or a medium grey Crib 5 fire retardant fabric.

- Extra deep padded seat for supreme comfort
- Powder coated steel frame in a smart silver finish
- Linking included as standard
- Tested to BS 5852

Chapel Seating

Churchill Deluxe & Maxim Deluxe

Traditional church chairs and sanctuary furniture

Rosehill has specialised in church furniture for over three decades. We offer a wide range of chapel chairs and sanctuary furniture, including lecterns and altar or communion tables.

Two of our most popular models are the Churchill Deluxe and Maxim Deluxe chairs. Both have a solid beech hardwood frame and are made to order in a wide choice of fire retardant fabrics. Optional extras including book storage and linking or arms. The Churchill Deluxe features underails and is a classic design. The Maxim Deluxe has a more modern appearance and will stack up to 7 high.

- Shaped seat pads and deep back pads for maximum comfort
- Options include bookboxes and links
- Solid beech hardwood frame
- Mortise and Tenon joints for strength and durability

Rosehill

For decades, the Rosehill team has developed strong relationships with the UK's and Europe's leading manufacturers of contract furniture. That means we're able to offer one of the broadest ranges of furniture in the industry.

If you're not sure what you need, then Rosehill is here to help. We take a consultative approach, developing an acute understanding of your needs, budget and the setting in which your furniture will be used.

The result is that you'll end up with furniture that you and the users of your space will love for years to come!

With one of the largest ranges of contract furniture, Rosehill is bound to have the perfect furniture for your space.

We've helped people like you to find and buy the very best chairs, tables, office accessories, sofas, soft furnishings, modular booths and more.

Our expertise spans all major use cases for contract furniture, including:

- Education settings.
- Churches and other religious institutions.
- Healthcare facilities and care homes.
- Offices and commercial spaces.
- Community centres and public buildings.
- Hospitality and events spaces.

Expert Advice

We've worked in the furniture industry for decades and have a wealth of experience. This means we're happy to offer advice regarding the suitability of products, the nuances between similar items and testing information; all to ensure you find the best solution that meets your requirements.

Samples

We offer thousands of fabric, upholstery, poly, metal and table top colours. We understand that selecting the right finishes is very important. That's why you can request samples to check and approve before you commit to a purchase.

Showroom

Our office in Cheshire has a small showroom where you can visit and try a selection of our best-selling products. An experienced member of our sales team will be on hand to offer advice and answer any queries you have.

Design Services

If you have a project that you need help planning or want to ensure you are making the most of your space, please get in touch to discuss interior design packages, space planning and more.

Delivery

Rosehill can deliver your order to any location within the UK or internationally. On some items, we also offer an installation service. Please check online for more details.

One-stop shop

This lookbook is to give you an idea of the breadth of furniture ranges from Rosehill. With our extensive supply-chain network, we are confident we have contract furniture options for all areas of your public building or commercial property.
