Tonic

The Tonic Patient Armchair range presents a design with many, carefully engineered curves. These curves serve to create an air of elegance and enhance the user experience of the patient. Available in three standard seat heights, to meet the needs of different users and in different clinical areas. Paired with a compact footprint to allow greater use of your space and with practical add-ons, it is a perfect choice for your clinic or hospital.

- Upholstered in anti-microbial vinyl in a huge colour choice
- The arms aid getting in and out of the seats
- Hardwood beech frames with the option to stain to different wood finishes
- Manufactured in the UK with a 10 year structural warranty

Nevis Patient Chairs

The Nevis High Back and Mid Back Armchairs are designed for comfort and hygiene. This range of hospital furniture is manufactured from air dried European hardwoods; glued, screwed and dowelled to produce an exceptionally robust frame and giving you tough furniture. This is then stained and polished to severe contract standard under BS 6250 using a Medicote anti-microbial, anti-bacterial and anti-fungal lacquer. The upholstered pads are designed to minimise exposed seams and staples, which are colour matched to fabric where visible. Housekeeping wheels are available as an optional extra if required.

- Designed to offer comfort and support to patients
- Made-to-order in healthcare vinyl
- Easy to clean, hygienic chairs for clinics and hospitals
- Manufactured in the UK with a 5 year structural warranty

Visitor & Consultation Chairs

V-Care

The V-Care chair is an expression of human-centric design. The chair has a unique anti-bacterial PU surface with silver ions, which reduces the growth of bacteria. It is not only easy to clean, but also safe to disinfect. Stackable 5 high, with or without arms.

The seats are made of polyurethane which absorbs body temperature, boosting the seating comfort, in 4 smart colour choices.

- Designed for people with reduced mobility, the model with four-legs can have a seat height of 460, 510, or 560mm, and the reinforced armrests enable the chair to be lifted and moved while somebody's sitting in it
- Chairs with the standard seat height (460mm) are designed for users up to 150kg, with the higher seat versions suitable for users up to 110kg
- These chairs are tested to DIN EN 16139, DIN 68878, DIN 4573, DIN EN 1022, DIN EN 1728 and Test report fire protection according to BS 5852 Crib 5

Bench Seating

Genaya

The Genaya Modular Bench seating range is more than just soft seating. Its modularity enables Genaya to respond to the diverse needs of its users and it blends harmoniously into any space. It is the epitome of interior design comfort and flexibility. Part of the designer Kusch+Co range for waiting rooms, airports and transport hubs, this is a premium range which is highly customisable. The Genaya includes freestanding or integrated units to seat two, three or four people. You can change which seats have backs and add tables at the ends of straight units or to create 90 or 120 degree corner sections. Screens can also be built in, to separate seats and offer different levels of privacy.

Designed by brodbeck-koepp design, the award-winning modular seating range Genaya enables any interior to be freely configured to the diverse needs of its users. With a nod to public-bench seating Genaya epitomizes interior design comfort and flexibility. Designed with sustainability in mind offering infinite dynamic reconfigurable elements that evolve over time, Genaya offers vast layout options to consistently accommodate and adapt to user requirements. Winner: Red Dot Product Design 2023 and German Design Award 2024 in the category: Excellent Product Design – Office Furniture!

Lounge Seating

Jenny

The curvaceously styled Jenny Lounge Armchairs & Sofas provide an extremely comfortable sit for your hotel or care home. The full range includes low backs, mid backs and high backs, as single armchairs or double seat sofas. Each piece can be upholstered in a single fabric, or a two-tone finish with removable seat cushions to allow easy cleaning. The hardwood legs come in a natural finish or one of our 7 standard frame stains.

This high-quality seating range is manufactured in Britain and tested to BS EN 15373 for Strength, Durability and Safety and BS EN 7176 for Resistance to Ignition. The chairs are suitable for users up to 158kg (25 stone). See page 34 for the matching Jenny Dining chairs.

Jenny Mid Back Lounge
Armchair

Monaco

The Monaco High Back & Wing Armchairs bring classic style and lasting comfort to your space. Designed with care, they provide excellent support and a welcoming feel, making them perfect for lounges, reception areas, and private rooms. The high back armchair offers an upright, supportive seat with soft cushioning to keep users comfortable for longer periods. The wing armchair adds extra cosiness with gently curved wings, creating a sheltered, relaxing space to sit with more head support. Built with strong frames and high-quality upholstery, these chairs are made to last in busy care environments or hospitality lounge settings, while adding a touch of elegance to the room.

- Supportive high back or wing back chairs, with a generously proportioned seat
- Piping detail to a luxury finish, with reducing stitching in contact areas
- Made-to-order with a selection of frame and upholstery finishes
- 10 year structural warranty

Rona

The Rona Lounge range is a classic choice of seating for the care sector. The curved back and rounded arms provide wrap round comfort for the occupant. Its mid-compact design makes this chair suitable for both lounge and bedroom settings. Available with two choices of arm heights: the standard version for everyday use and a high arm version suitable for care environments. The armchairs and sofas are made-to-order in a wide selection of cleanable fabrics or faux leathers. You can choose from a selection of wood colours for the solid hardwood legs too. Manufactured in the UK, with contract grade CMHR foam. Options on the chairs include a two-tone fabric finish, contrasting piping and a pressure relief cushion.

- Contemporary lounge armchairs and sofas
- Choose from the mid or high back design
- Upholstered in easy to clean healthcare fabric or vinyl
- Manufactured in the UK and tested to BS EN15373:2007

Romy

A spacious and elegant lounge chair range designed for optimal comfort with an air of contemporary grandeur. The Romy offers a refined approach to relaxation in interior spaces, combining sophisticated aesthetics with luxurious comfort. With a mid or high back, this is suitable for receptions or lounges. The high back Romy features a prominent wing design, creating a dramatic silhouette and enhancing acoustics. The mid back Romy offers a more open presence for enhanced sight lines, perfect for creating inviting social areas. Shown here in the metal frame version, with wooden legs or a swivel base design also available.

- Internal sprung seat for added comfort
- Shell in moulded cold cured polyurethane foam over steel frame
- Large choice of upholstery types and colours and frame finishes
- Manufactured consciously in Warrington, Cheshire

Scadio

The Scadio armchair line stands for comfort, elegance and functionality. Their well-thought-out design will fit perfectly into both modern, minimalist spaces and more classic arrangements. It is an ideal solution for relaxation areas, meeting places or waiting rooms, as well as for residential spaces.

The armchair's comfortable shape, provides support for the head, allowing you to relax. Additionally, the shaping of the high back effectively reduces sound and visual distractions from the surroundings, creating a cosy haven inside the chair. The armchair and leg rest are decorated with a fine, decorative piping that gives it a sense of unique elegance and character. You can create a personalised look that will perfectly match your interior design.

- High or mid back armchair range with matching footstools
- Decorative piping detail, available in a contrasting colour to the upholstery
- Choice of EPC finishes on the metal legs or upgrade to a swivel base design
- Ergonomically shaped for comfort and support

Mayfair

The Mayfair High Back Armchair is a high-quality seating option for relaxation areas. This model is a popular choice for care homes, lounge, reception and social areas. The classic design is available in two options; the standard high back or the winged high back. The latter offers extra head support and increases comfort, especially for older users.

- Classic lounge armchairs in two designs
- Made-to-order in an extensive choice of upholstery ranges
- Solid hardwood frame and CMHR foam
- Manufactured in the UK

Colonsay Bariatric & Arran

The Colonsay and Arran lounge ranges feature large luxurious armchairs with lumbar support and concealed staples. The bariatric version of the Colonsay, which is also available as a standard mid, high or wing back model, is tested for users up to 250kg. This reinforced model has a lovely and modern appearance and won't stand out from your regular seating. The Arran armchairs can also be specified as a mid back, a high back or winged option. Many contemporary lounges mix the models over the two ranges to provide different seating types with a consistent look throughout their space.

- Made-to-order in an extension selection of cleanable healthcare fabrics
- The wooden legs can be stained in different finishes
- Available with button details, contrast piping and two-tone upholstery
- Manufactured in the UK with a 5 year structural warranty

Tub Chairs

Rosehill has an extensive range of Tub Chairs and Compact Lounge Armchairs, to go into all areas of your establishment. This includes models for waiting rooms and receptions, those for consultation rooms and for lounges or residential bedrooms in care homes. Here we show the Canterbury, Devon, Kenwood and Stratford lines, with additional designs available at www.rosehill.co.uk. Many models can be ordered in a matching sofa version too.

- Range of Tub and Compact Armchairs
- Made-to-order in large selection of finishes
- 5 year structural warranty
- Manufactured in the UK

The tub models are made-to-order in Yorkshire, with all the frames made from air or kiln dried European hard wood sourced from sustainably managed forests (FSC certified). These can be finished in a choice of wood stains. The foam used in the pads and cushions is contract grade CMHR and when combined with BS7176 fabric (available as standard), will comply with BS 5852 Crib5 requirements for your premises. Within the upholstery options, there is a huge choice of healthcare fabrics and vinyls, in the full spectrum of colours. Each piece can be upholstered in a single colour or two-tone finish, with additional options for contrast piping and other custom finishes.

Buzz

The Buzz Tub Chair and Sofa is designed to stand out and move away from traditional furniture archetypes. Created with an alternative twist, with the stylish shape making this design ideal for modern care or hospitality environments, while offering supreme comfort. Available as a single seat or two-seat sofa. The timber for the wooden frames is sourced from sustainably managed forests and finished in one of 8 standard colours. For the upholstery, options include cleanable materials to allow easy maintenance of your furniture. This high-quality seating range is manufactured in Britain and tested to BS EN 15373 for Strength, Durability and Safety and BS EN 7176 for Resistance to Ignition. The chairs are suitable for users up to 158kg (25 stone).

- Versatile lounge area or reception tub armchairs

Dining Tables

Rosehill has an extensive line of dining tables and meeting tables to pair with our seating. Options include contract quality tables in an array of shapes and sizes to seat as many, or as few people, at one table as you need. The frame types include solid hardwood legs, fully welded metal frames and pedestal bases. These are completed with MFC, laminate, solid wooden, marble, porcelain or veneered table tops. We also offer tables suitable for use in challenging environments.

More dining tables online at rosehill.co.uk

Challenging Environments

Rosehill also offer furniture for 'Challenging Environments', which includes products designed to suit the demands of a diverse range of behaviours and to support a wider range of applications. Hence, the collection contains a versatile range of products, with a focus on mental health, special education, and autism friendly furniture.

Furniture in this collection has been created in collaboration with care professionals. Accordingly, the challenging behaviour range is rigorously tested and created to be robust, comfortable and therapeutic. Options include anti-ligature furniture, special needs chairs for schools and care units, reinforced bedroom furniture, foam seating and sensory bean bags and custodial furniture.

Multi-Purpose Chairs

Sutton Chair
C310

Sutton

The Sutton is a fantastic all-around model, suitable for a wide range of uses and areas. It fits well as a visitors chair, café chair, side chair or in a consultation room. Designed with a waterfall seat edge, curved backrest and superior flexibility to maximise comfort. Available in five smart colours, this one-piece polypropylene model has no fittings or joints, making it easy to maintain and clean. The Sutton stacks up to 6 high and has an impressive weight capacity of 204kg.

Relish & Coffee

For mixed use activity, meeting or dining spaces, many of our wicker models are a lovely option as they give a light and classic aesthetic. Two such designs include the Coffee and the Relish. The Coffee is a range comprising of elegant chairs and bar stools featuring soft, organic lines, natural materials like cane and rope, and customisable finishes. Perfect for residential contract interiors, these pieces blend comfort with sophisticated design. The Relish Side chairs are part of our quick-ship items, and can be delivered in 3-5 days from placing an order. A traditional café design, with a solid oak frame, wooden seat and wicker back. These can be in a natural finish or stained black, which gives a great contrast to the colour of the rattan on the backs.

SE Café Dining & Lounge Chairs

Organic design meets high-quality workmanship in the SE Café Wooden Chairs range. These chairs with their timeless style will enhance the space in your visitors area, café, restaurant, quiet space or lounge. Choose between two seat heights, with a standard dining height or lounge height model. Each is available in all wood, with a wooden seat, or in a Viennese wicker version. The wicker seats easily adapt to the body shape and offers comfort as well as good air circulation. A unique design with a flowing transition from the armrests to the backrest makes the chair a real treat for the senses. Using wood from sustainable forestry guarantees sustainable materials, and the natural wood grain gives each chair a unique character, while the careful craftsmanship ensures longevity.

- Timeless solid wood chair in a high-quality, flowing design
- Available with a wooden or Viennese wicker (rattan) seat
- Options include sustainably sourced beech or ash wood, which can be stained to different colours or left in a natural finish
- 5-year manufacturer's warranty for users up to 130kg

Other Furniture

With our extensive supply chain, Rosehill can be your one-stop shop for furniture for all areas of your building. While this brochure focuses on seating, here you can see a selection of just a few of the other products we have available. More can be found online at www.rosehill.co.uk, or get in touch with our team to discuss your specific requirements.

Our selection of **Recliners, Day-Beds & Sofa Beds** are perfect for relatives to stay close to patients, for staff on shifts or rooms that need to be flexible for different purposes at different times of the day. The recliners are fully adjustable and allow a relaxed position and elevation of legs. The contract quality sofa beds can be quickly configured, as and when required.

The **Bedside Storage range** provides safe lockers and cabinets for patients to safely stow away their personal items.

Rosehill have furniture to kit out all areas of your staff room, this includes **Lockers & Changing Benches**.

Alongside our loose furniture packages, Rosehill can help with full turnkey solutions including fitted **Bedroom Furniture**.

We have an extensive range of **Office Furniture** for your staff offices, consultants and receptionists. This includes operator chairs with ergonomic adjustments and arms, single or bench desking, lockable filing cabinets and cupboards and much more.

Draughtsman's chairs are ideal for technicians at higher workstations.

First impressions always count, which is why we have a huge selection of **Reception Desks** on offer. This includes quick-ship standard options or fully bespoke custom made units.

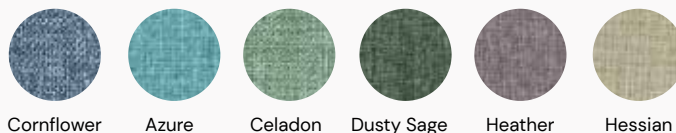

Fabrics

Most products which include upholstery are manufactured to order in any contract quality, fire retardant material. This includes fabric, vinyl, faux leather or Customers Own Material (COM). Below is a small selection of colours from the most popular ranges we offer. For the full ranges and to check your colour choice we strongly recommend requesting fabric cards or swatches from our sales team. Please note while as accurate as possible, the printed colour matches cannot be guaranteed. For full testing information or certificates please see rosehill.co.uk or contact us.

Rosehill

For decades, the Rosehill team has developed strong relationships with the UK's and Europe's leading manufacturers of contract furniture. That means we're able to offer one of the broadest ranges of furniture in the industry.

If you're not sure what you need, then Rosehill is here to help. We take a consultative approach, developing an acute understanding of your needs, budget and the setting in which your furniture will be used.

The result is that you'll end up with furniture that you and the users of your space will love for years to come!

With one of the largest ranges of contract furniture, Rosehill is bound to have the perfect furniture for your space.

We've helped people like you to find and buy the very best chairs, tables, office accessories, sofas, soft furnishings, modular booths and more.

Our expertise spans all major use cases for contract furniture, including:

- Education settings
- Churches and other religious institutions
- Healthcare facilities and care homes
- Offices and commercial spaces
- Community centres and public buildings
- Hospitality and events spaces

Expert Advice

We've worked in the furniture industry for decades and have a wealth of experience. This means we're happy to offer advice regarding the suitability of products, the nuances between similar items and testing information; all to ensure you find the best solution that meets your requirements.

Samples

We offer thousands of fabric, upholstery, poly, metal and table top colours. We understand that selecting the right finishes is very important. That's why you can request samples to check and approve before you commit to a purchase.

Showroom

Our office in Cheshire has a small showroom where you can visit and try a selection of our best-selling products. An experienced member of our sales team will be on hand to offer advice and answer any queries you have.

Design Services

If you have a project that you need help planning or want to ensure you are making the most of your space, please get in touch to discuss interior design packages, space planning and more.

Delivery

Rosehill can deliver your order to any location within the UK or internationally. On some items, we also offer an installation service. Please check online for more details.

One-stop shop

This lookbook is to give you an idea of the breadth of furniture ranges from Rosehill. With our extensive supply-chain network, we are confident we have contract furniture options for all areas of your public building or commercial property.
